

# CAPITOL HILL SCHOLARS PROGRAM

**Each year the University Corporation for Atmospheric Research (UCAR) selects up to six undergraduate or graduate students to go to Washington, D.C.**

In Washington D.C., you will have the chance to visit Capitol Hill, meet with members of Congress and their staffs, attend a special briefing by Hill staffers on how Congress works, and attend other special events.

For your chance to participate in this unique opportunity, please answer the following questions in a video essay:

- What do you think is the most important thing for policymakers to know about Earth system science (weather, water, climate, air quality or space weather)?
- What will this opportunity mean to your education and/or future career?

JOIN US IN  
WASHINGTON D.C.  
JUNE 4-5, 2019

----

All expenses paid trip  
to the nations'  
capitol

----
